Le Marche. Italia.
Le forme quiete del mare Adriatico, le campagne rasate, le rocce dell'Appennin come linee cipriate all'orizzonte, le nostre antiche città in cui si muove il presente. La nostra terra ispira una geometria pura e profonda.
Il nostro design la canta, il tuo cuore la vive: CUSTOM XL.

An aerial photograph of a beach scene. In the top left, there is a rocky shoreline with large, light-colored stones. The beach is composed of dark, wet sand. A large number of white seagulls are scattered across the sand, some standing and others in flight. A line of white surf marks the edge of the ocean, which is a deep blue-green color. The seagulls are also seen flying over the water. The overall scene is a natural, coastal environment.
